ABOUT US

Introduction

Founded in 2000, Shafer United Trading and Contracting Company (SUTC) has become a leading provider of Electrical, and Instrument construction and maintenance services in Oman. SUTC offers complete solutions for power system integrity and has grown vertically by expanding its expertise and horizontally by adding the latest technologies to its portfolio. SUTC is actively involved in providing power construction and maintenance services for the oil & gas, government, and private sectors. SUTC is committed to professionalism, accountability, and non-compromising standards of services and solutions. As of 2022, SUTC started providing its services in the UAE.

Vision

Our vision is to become the go-to company in the power industry for construction and maintenance services, known for our exceptional quality, reliability, and innovation. We aim to be recognized as the most trusted partner in the industry, with a commitment to creating sustainable solutions that enhance the communities we serve. We will achieve this by fostering a culture of excellence and innovation, and by investing in our people, technology, and processes.

Mission

Our mission is to be a leading company in the construction and maintenance of power infrastructure by providing innovative, reliable, and sustainable solutions that meet the needs of our clients. We are committed to delivering high-quality services that exceed expectations, and to do so in a safe and responsible manner that minimizes risks and environmental impacts.

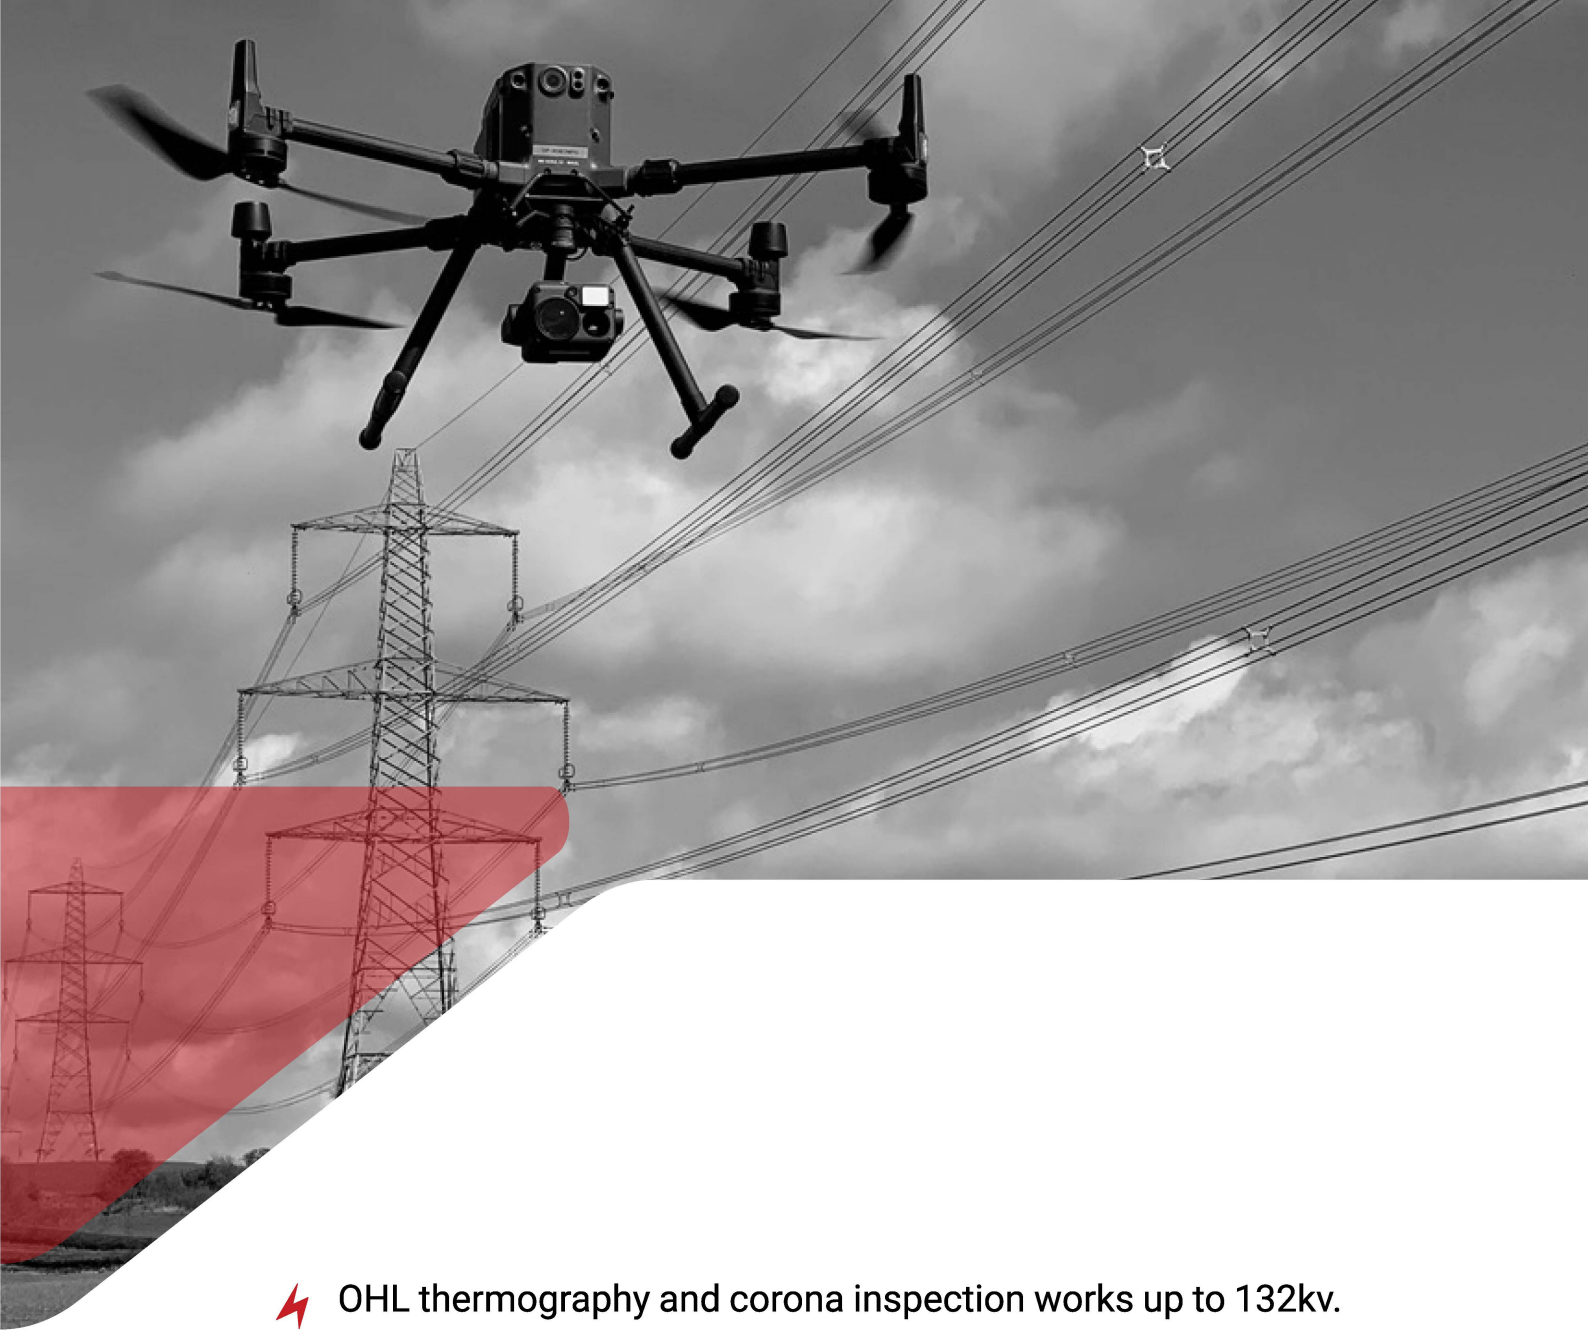

COMPANY OBJECTIVES

- ⚡ To be the premier provider of power transmission and distribution services.
- ⚡ To consistently deliver high-quality construction, maintenance, and live line services to our clients.
- ⚡ To continuously innovate and improve our services to meet the evolving needs of the power industry.
- ⚡ To expand our geographic footprint and diversify our service offerings to capture new growth opportunities in Oman and other GCC countries.
- ⚡ To maintain strong relationships with our customers and partners by providing exceptional services and values.
- ⚡ To attract and retain the best talent in the industry and provide a stimulating and rewarding work environment.
- ⚡ To operate our business in an ethical and socially responsible manner, and to contribute to the sustainable development of the communities we serve.
- ⚡ To achieve operational excellence by leveraging technology, best practices, and a culture of continuous improvement.
- ⚡ To drive profitability and create long-term value for our shareholders and stakeholders.
- ⚡ To maintain our reputation as a safety leader in the power industry by adhering to the highest safety standards, promoting a culture of safety which ensures the safety of our employees and client's assets.

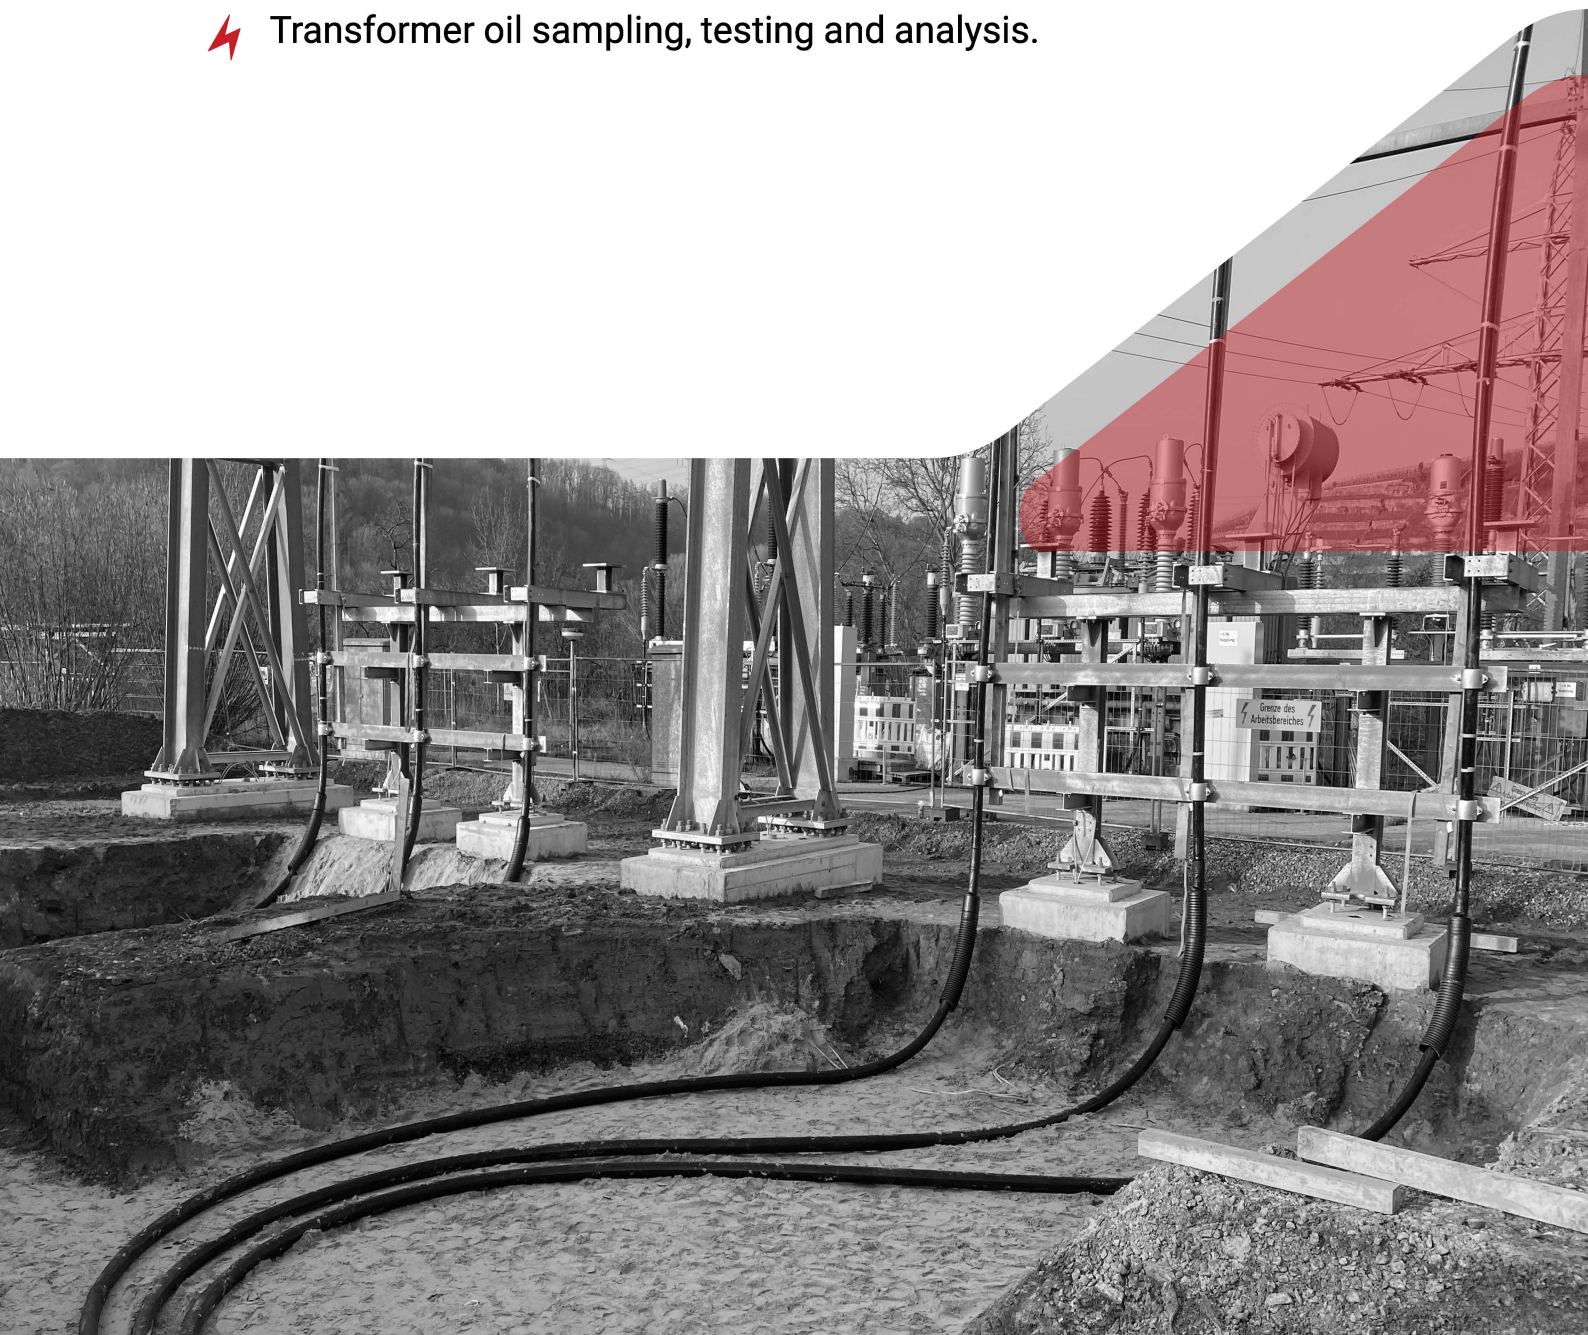

SERVICES

- ⚡ Construction, testing, and commissioning of substations and OHL up to 132kv.
- ⚡ Live Line washing and maintenance of OHL insulators up to 132kv.
- ⚡ OHL and UGL preventive and corrective maintenance works up to 132kv.
- ⚡ General cold maintenance works up to 132kv.
- ⚡ Maintenance of distribution and cathodic protection transformers.

- ⚡ OHL thermography and corona inspection works up to 132kv.
- ⚡ Visual inspection of OHL and substation equipment.
- ⚡ Inspection of hazardous areas equipment.
- ⚡ Drone inspection for power infrastructure.

- ⚡ Cables maintenance, terminations, and jointing works.
- ⚡ Isolator, CB, CT, CVT, surge arrester, and transformer bushing replacement work including testing and commissioning.
- ⚡ Transformer, switch gear and cables partial discharge tests.
- ⚡ Transformer oil sampling, testing and analysis.

- ⚡ Electrical and Instrumentation hook up and maintenance.
- ⚡ SCADA construction and maintenance services and health checks.
- ⚡ Motors and Generators maintenance activities.
- ⚡ Supply, installation, and maintenance of lighting systems.

- ⚡ Testing of protection system & relays.
- ⚡ Power station & substation inspection & maintenance activities.
- ⚡ All civil works related to power stations and substations.
- ⚡ Condition monitoring of control and switch gear panels.

- ⚡ Solar systems, batteries & chargers installation and maintenance works.
- ⚡ AC/DC UPS systems, and (100 KVA – 100 MVA) transformer works including testing and commissioning.
- ⚡ Supply of power system parts, cables, accessories and terminations.
- ⚡ Air conditioning maintenance and overhauling.
- ⚡ Fire system maintenance services.

SUTC & SUSTAINABILITY

Sustainability is a core value at Shaher United Cont. Co., and we are committed to minimizing our impact on the environment while delivering high-quality construction and maintenance services for power infrastructure projects.

We recognize that the power industry plays a critical role in shaping the future of our planet, and we strive to lead the way in responsible and sustainable practices.

From using eco-friendly materials to implementing energy-efficient processes, we are dedicated to reducing our carbon footprint and promoting sustainable development.

Our team of experts is trained in the latest sustainable construction techniques, and we work closely with our clients to develop customized solutions that meet their unique sustainability goals.

At Shaher United Contracting Company, we believe that responsible environmental practices are essential for the success of our business, our clients, and our planet.

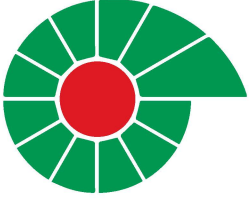

SAFETY & QUALITY

- ⚡ We prioritize safety and quality in all aspects of power construction and maintenance services.
- ⚡ We follow rigorous safety and quality standards and comply with industry regulations and best practices.
- ⚡ Our employees receive regular training, high-quality equipment, and tools to ensure safety and quality.
- ⚡ We use advanced procedures and protocols specific to the power industry to ensure high-quality work.
- ⚡ We conduct thorough risk assessments and implement appropriate safety and quality controls.
- ⚡ We are committed to continuously evaluating and improving our safety and quality performance while encouraging open communication and recognizing exceptional employee performance.
